*In an '01 game*

**Cricket**

**Three Trips or 6 Bulls**

*In a Cricket game*

- ✓ It should be noted that the **FIRST** priority is to win the game/match for the team.
- ✓ With this in mind, PFE points are noteworthy shots and may vary as per the experience of the players and division.
- ✓ All PFE points must be thrown and properly noted on the scoresheet at the time they are shot. Previous PFE shots, which were not recorded when shot, are not to be listed unless the opponent confirms and agrees. They cannot be arbitrated with the league scorekeeper at a later date.
- ✓ Cricket PFE points must count full value in order to be recorded.
- ✓ PFE points count only in regular season league play and not during post season. Patches will be awarded during the postseason only if properly noted on the scoresheet.
- ✓ The PFE Leader at the end of the season will receive an award.
