PATCHES

ALL DARTS MUST COUNT FULL VALUE

'01 Games 170 - 180 **Cricket** 3 Trips (9 Count), 6 Bulls, 2 Trips + DB, 4 Bulls + Trip

It should be noted that the FIRST priority is to win the game/match for the team. PFE points are noteworthy shots and may vary as per the experience of the players and division.

All PFE points must be thrown and properly noted on the scoresheet at the time they are shot. Previous PFE shots, which were not recorded when thrown, are not to be listed unless the opponent confirms and agrees. They cannot be arbitrated with the league scorekeeper at a later date.

PFE points count only in regular season league play and not during post season. ***In cases where play consists of best 2 out of 3 legs, PFEs will only count in the first 2 legs.***

Patches will be awarded during the postseason only if properly noted on the scoresheet.
